As a Family Self-Sufficiency (FSS) participant, Wynetta Wheeler is required to improve her credit score as one of the program goals. Within the past year, Wynetta has dedicated herself to maintaining a personal budget by purchasing only what she needs. She lives by cash only.— no credit cards! Every month she budgets her finances and does not overspend, or purchase anything she does not need. Wynetta saves money for emergencies and uses her extra cash to

pay towards improving her credit rating. Like everyone in the FSS Program, Wynetta was required to prepare a budget and develop a plan for how she would spend her income tax refund. Instead of spending her refund on needless items, Wynetta paid off old school loans. Others in the program use their money for paying ahead on monthly bills, thus creating more money which they can save throughout the year. With this responsible

spending method, Wynetta is on the road to successfully graduating the FSS program. Be like Wynetta! Learn to create a budget and manage your money by enrolling in one of our self-sufficiency programs. Call Rebecca Espinoza, our Senior Self-Sufficiency Coordinator, at 353-5062 to get started.

Swine Flu Update and Information

It's not your fault, little fella!

Symptoms of Swine Flu are fever, cough, sore throat, body aches, headache, chills and fatigue, with some diarrhea and vomiting. There is no reason to panic or even become alarmed. Each year, thousands of people die worldwide from complications caused by influenza. It is sad but normal. Your life is in greater danger when you drive on Interstate 35. (Over 41,000 people died on U.S. highways in 2007.) Take reasonable precautions and go about your business as usual. Protect yourself and others from getting sick by observing the following guidelines. Cover your nose or mouth with a tissue when you sneeze or cough. Throw the tissue in the trash immediately after you use it. Wash your hands often with soap and water. You may also use alcohol-based hand cleaners. Avoid contact with people who are sick. If you are sick with influenza, PLEASE stay home from work or school and limit contact with others. Sharing is nice — except for germs. By the way, you cannot get swine flu from eating pork or pass the bacon! For more information visit: www.cdc.gov/swineflu/swineflu_you.htm. As of May 3, there have been only 226 confirmed cases in the States. One child with an underlying condition has died.

SMHA offices will be closed for Memorial Day on Monday, May 25.

WHAT WE'RE ALL ABOUT

The San Marcos Housing Authority provides decent, safe, and sanitary housing for about 555 low-income families and individuals, including the elderly and disabled. Our Resident Services Program consists of several initiatives designed to support Self-Sufficiency & Family Development, Elderly & Disabled Services, Youth Services, and Resident Organization & Community Development.
