Veronica Carmichael Sets an Example

Veronica Carmicheal and her three daughters, Diamond, Merideth, and Amethyst moved to San Marcos from San Antonio so Veronica could pursue a bachelor's degree in Business Accounting at Texas State University. Veronica lived in a campus apartment before moving to the Riverview Apartments. Veronica sought out the Family Self-Sufficiency Program (FSS) to build a support system for herself and her three daughters.

Since joining the FSS program in 2007 and starting a new life at Chapultepec Homes, Veronica success-

fully completed her degree at Texas State University and obtained full-time employment with the Department of Veteran Affairs Financial Service Center as an accountant. Veronica used the money management skills she learned through our program to repair her credit. She was recently approved for a home mortgage loan at a very reasonable interest rate and she and her three daughters will soon be moving into a brand new home! It is currently under

construction in Cibolo.

Veronica has set a good example for other FSS participants. She said, "Before joining FSS, I struggled with rent, monthly bills, and groceries. Now I don't struggle anymore." We congratulate Veronica for completing her FSS Program goals and we are confident that she will have a successful career!

A Tutor Will Make a Difference in Your Grades!

You have to show up at work every day to get paid. School is no different except that your "paycheck" is your grade. If you are not making good grades in school, your real paychecks later in life probably won't provide you with the kind of money you need to support yourself. Don't fall behind in class when you can get help! Get a tutor and apply yourself. If you want more out of life, you have to put more into it. We have tutors available to help kids AND adults so contact the Resident Services center at your site to get connected and get moving. We're waiting for you!

A Day of Pizza and Fun!

The kids from the PODER Learning Center and the KAD Korner Store had a wonderful time showing off the chili peppers they picked from the PODER Community Garden, playing online games, and eating lots of homemade pizza, which was made by Kelly Lassiter (on the left) and Beatrice Pacheco (not pictured). Volunteer Elana Krasutsky is pictured on the far right with one of the kids. Our thanks to those who participated in the cleanup. We could not do it without our wonderful volunteers!

Springtown Villa Raises \$300.00 for a New TV

Bette Gulley, Lulu Hickey, Maria Elena Hernandez, and Florence Ferguson pose with the new community room television.

The Resident Council of Springtown Villa held a Rummage Sale and sold baked goods and soft drinks to raise some of the money to pay for a new 42-inch HD TV, purchased in cooperation with the Resident Services Department and the Springtown Villa management. The Council raised \$300. They wish to thank the residents for their support. Lu Hickey, President of the Resident Council says, "It wouldn't have been possible if we hadn't pulled together."

WHAT WE'RE ALL ABOUT

The San Marcos Housing Authority provides decent, safe, and sanitary housing for about 555 low-income families and individuals, including the elderly and disabled. Our Resident Services Program consists of several initiatives designed to support Self-Sufficiency & Family Development, Elderly & Disabled Services, Youth Services, and Resident Organization & Community Development. All Resident Services initiatives are united in the overall goals of improving the quality of life for public housing residents, reducing dependence on the welfare system, and empowering our residents to take charge of their lives and of their environment.

Maria: On Her Journey of a Thousand Miles

Maria Calcaben is the new Elderly and Disabled Services Coordinator for the San Marcos Housing Authority. She was born in the Philippines but was raised in Houston since the age of six. She was on a path to nursing when she was a freshman at a community college in Houston. However, her passion for English thrived when she transferred to Texas State University. She changed her major to English and graduated with honors. She presented some of her original poetry at conferences in Minneapolis and Austin and in a stage production at the University of Texas. While at Texas State, Maria minored in Social Work and realized she had a calling to help people. She was a volunteer in our after school program and worked with some of our elderly residents at the same time. Maria says, "I am so fortunate to now be working for the people in the town I fell in love with!" Maria is excited to start her journey here and is looking forward to seeing where life will take her!
