

Why Wait for Success?

Wylinda Wheeler joined the Housing Choice Voucher Family Self-Sufficiency Program in March 2008 with dreams of working in the medical field. With the support of her family, Wylinda began her journey to success. Wylinda became a Certified Nurse's Assistant in August 2009 through Comfort Connections and found herself working for the Institute for Advanced Wound Healing which specializes in wound therapy, including hyperbaric oxygen therapy. She works with patients with slow-to-heal wounds such as arterial wounds, diabetic ulcers, traumatic wounds, surgery wounds, soft tissue infections, bone infections, burn and radiation wounds.

Wylinda continued to benefit from the FSS Program by meeting with her coordinator for guidance, learning how to save money, budgeting, paying bills on time, and building positive credit until her family reached the maximum income limits for the FSS Program. Because Wylinda and Adam achieved their employment goals so quickly, she completed her FSS Contract of Participation early and received the money she had accumulated in her FSS Escrow account. We were sad to see Wylinda leave us so soon but we're happy she is achieving her dreams of working in the medical field. As a graduate of the FSS Program, Wylinda is eligible for ongoing services. She and Adam hope to buy some rural property near San Marcos with members of her extended family. "Familysteading" is a growing trend in America. Individuals are stronger when they are part of a larger family. From left to right in the picture above is Stewart Dale Spencer (Resident Services Director), Wylinda Wheeler, Adam Tracey, Ashlin Wheeler, and Megan Perez (FSS Coordinator).

Notes from the Main Office

Fan Drive – Thanks to Family Eldercare and Johnson Controls in Austin, we have a supply of fans to give to residents. Priority consideration will go to elderly or disabled individuals and couples living on fixed incomes at the Allen Woods Homes, Springtown Villa, the C. M. Allen Homes, and the Porter Homes. Contact the Service Coordinator at the Resident Services Center at your site to fill out a short request form.

Weatherization at the Allen Woods Homes – Combined Community Action, Inc. of Giddings has joined with the Housing Authority to make improvements to 100 units. This will include additional insulation, new air conditioning compressors, Energy Star appliances, etc. The purpose of this \$500,000 program is to reduce energy usage and to lower utility bills. Assessment begins in June. Residents will be notified before any work begins.

ALLEN WOODS HOMES—P.O.D.E.R LEARNING CENTER

Un poema por mi madre

Mi madre es una mariposa, hermosa y fuerte.

Mi madre es el sol, para iluminar el camino para mí.

Mi madre es una libro, páginas de mi pasado.

Por mi vida, por mi mundo, gracias a mi madre.

By Maria Calcaben

Fire Station 5 Gets Cool on Fire Safety

The children from the P.O.D.E.R. after-school program visited Fire Station 5 in San Marcos to learn about firefighters. They learned where they train, where they sleep, and the equipment they use. The firefighters patiently answered questions like, “If you put all the hoses together, how long will they be? What happens if all the water runs out in the fire hydrant? What does that do?” Thanks Fire Station 5 for all that you do for the community!

GARDENERS WANTED!

Residents of Allen Woods: We have a community garden in need of care! Please volunteer your time and talent! Located next to the PODER Learning Center.

Spring Activities at C.M. Allen

REMINDER: GET OUT AND VOTE IN THE SCHOOL BOARD ELECTIONS MAY 14

(top picture) On this day the kids of C.M. Allen together with some Texas State Social Work students participated in relay races. The winners received prizes that included toys, candy, and books. After the race the kids were rewarded with freeze pops, a very cool snack!

(middle picture) Texas State Service Support Group, provided kites for all the kids and had a competition on whose kite would fly the highest. A challenge enjoyed by the volunteers kids and teens alike.

(bottom picture) Kappa Delta Chi, had a cookie decorating contest, and the kids got very creative.

Searching for Fossils at Five-mile Dam

As part of the science program, Heather, a Social Work volunteer from the university took some of the kids on a fossil hunting adventure at Five-mile Dam. After finding cupfuls of fossils the children enjoyed some refreshments. They had been learning about crystals, rocks, and how fossils are formed. This field trip gave them hands on experience at being geologists and paleontologists.

Family Self-Sufficiency

The residents of Chapultepec celebrated Easter with a community Easter Egg Hunt

on April 21! Many thanks to all those who helped make it a success!

REMINDER

WHAT WE'RE ALL ABOUT

The San Marcos Housing Authority provides decent, safe, and sanitary housing for about 555 low-income families and individuals, including the elderly and disabled. Our Resident Services Program consists of several initiatives designed to support Self-Sufficiency & Family Development, Elderly & Disabled Services, Youth Services, and Resident Organization & Community Development. All Resident Services initiatives are united in the overall goals of improving the quality of life for public housing residents, reducing dependence on the welfare system, and empowering our residents to take charge of their lives and of their environment.

*The Oracle is produced and published monthly by the Resident Services Department of the San Marcos Housing Authority. Concept by Herod King Ellison. Senior Editor—Stewart Dale Spencer. He's Baaack!

Eusebio Hernandez worked in our Maintenance Department from 1983 - 1997. He recently returned after several years of working for other apartment complexes, including 10 years at the River View Apartments. Eusebio was born in Buda and has lived in Kyle for many years. He has three children and one grandchild. We caught up with him at the Chapultepec office. Eusebio told us that it's nice to be back. He noted that many of the people he worked with before are still here. As for changes, he said that "There is a lot of new stuff. I get to drive a new truck and the new [maintenance] shop is bigger and better stocked than the old shop. We don't have to wait for parts." He wants to stay with the Housing Authority until he retires. We hope that won't be anytime soon. Welcome back Eusebio!
